### Announcement of Management Discussion and Analysis

The following Management discussion and Analysis discusses the financial position and result of Amata Holding Public Company Limited for the financial year ended 31 March 2026, in comparison with the corresponding financial year ended 31 March 2025.

During the financial year 2025-2026, the Group generated total revenue of MMK 655.50 million, representing a 50% increase compared with MMK 438.43 million recorded in the previous financial year. The primary driver of this revenue growth was the resumption of commercial hot air balloon operations in the 2025-2026 financial year, which had been temporarily suspended in prior financial years. This business segment contributed MMK 252.93 million to the total revenue.

Revenue generated from hotel room rentals amounted to MMK 238.82 million, representing a 12% decline compared to the previous financial year. This was mainly attributable to the fact that, despite the continued recovery of the tourism industry, the Group's hotel operations have yet to fully return to normal operating levels due to the prevailing conditions in the areas in which the hotels operate.

The cost of sales for hotels room rentals and commercial hot air balloon operations increased by 107% compared to the previous financial year, primarily due to the costs incurred in connection with the resumption of the Group's hot air balloon service during the current financial year.

### Release of Management Discussion & Analysis for Financial Year 2025-2026

The net profit for the year was 10.55 billion Kyats, up from 6.95 billion Kyats in the previous year, marking a 51.7% increase. This impressive growth in net profit can be attributed to the increased revenue, controlled administrative expenses, and effective financial management. The net profit margin also showed considerable improvement, rising from 26.1% to 28.4%.

Shareholders' equity raised to 41.39 billion kyats from 32.98 billion kyats, representing growth of 25.48%. The increase was primarily driven by the year's profit of 10.61 billion Kyat, partially offset by dividend payment of 2.08 billion Kyat. This increase in equity showcases the Company's ability to generate profits and reinvest them into the business, strengthening its capital base.
